Please provide a brief narrative outlining the proposed development below: (not to exceed space provided)

Glendower has entered into a Co-Developer agreement to develop approximately 63 mixed-income housing units. The development at 201 Hazel Street aims to provide high-quality, accessible housing while contributing to the broader revitalization efforts in the Newhallville neighborhood, leveraging strategic location and economic incentives to create a thriving community space. The project architect is Crosskey Architects.

The property at 201 Hazel Street is located in a primarily residential area within an RM-2 District (High-Middle Density), making it suitable for residential development. The 62,119 square foot parcel is currently wooded, vacant, and managed by the city of New Haven. The site is conveniently located near public transportation on Dixwell Avenue and borders the Farmington Canal Heritage Trail, a popular walking and biking trail. The First Calvary Baptist Church is immediately adjacent to the southwest, adding to the community-oriented atmosphere of the area.

Economic incentives play a significant role in the project's feasibility and attractiveness to investors. The parcels are located within an Enterprise Zone/Empowerment Community and are adjacent to a newly designated opportunity zone. This location offers preferential federal tax incentives for certain investments, encouraging development and economic growth in the area.

This project meets key federal and state housing and workforce development priorities in low-wage neighborhoods. It is located on a 1.43-acre brownfield site at 201 Hazel Street, Newhallville. The master plan consists of site clean-up, site improvements, and construction of a four-story building with up to 60 apartments and parking. Plans call for up to 60 rental units for households whose income qualifies below 60% of the area median income. Specific qualifying income bands and set-asides have not been finalized. The rental units will be general occupancy (workforce/family) with all units incorporating universal design features for safe and accessible living for residents of all ages. Planned amenities include a 1,200-square-foot multi-purpose community room, an 800-square-foot community wellness area, in-unit washer/dryer, Wi-Fi, community garden, and outdoor gathering area for

WHEREAS, the total estimated development cost of the Project is approximately \$73,000,000; and

WHEREAS, the Project is intended to utilize a combination of tax-exempt private-activity bonds, 4% Low Income Housing Tax Credits, project based vouchers, permanent loan financing, and other public and private funding sources; and

WHEREAS, HANH desires to issue tax-exempt multifamily housing revenue bonds to finance a portion of the Project in an amount not to exceed \$22,000,000; and

WHEREAS, adoption of this inducement resolution signifies HANH's good-faith intent and reasonable expectation to issue such bonds but does not constitute a binding commitment; and

WHEREAS, this resolution is required for federal tax purposes to allow the Borrower to proceed with eligible predevelopment and financing activities that may be reimbursed from future bond proceeds.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE HOUSING AUTHORITY OF THE CITY OF NEW HAVEN, THAT:

1. The Board hereby declares its official intent to issue up to \$22,000,000 of tax-exempt multifamily housing revenue bonds (the "Bonds") to finance a portion of the Orange and George Development Project, subject to future Board approval of the final financing structure; and
2. This resolution does not obligate HANH to issue the Bonds, and final issuance shall require separate Board authorization following completion of underwriting, legal review, CHFA coordination, HUD/RAD requirements, and required TEFRA approvals; and
3. Eligible expenditures incurred by the Borrower prior to the issuance of the Bonds may be reimbursed from Bond proceeds, consistent with U.S. Treasury Regulation §1.150-2; and

**Shenae Draughn, President**

4. The President be and hereby is authorized, empowered, and directed to take all preliminary actions necessary to evaluate and prepare for the potential issuance of the Bonds, including consultation with CHFA, bond counsel, financial advisors, HUD, and The Glendower Group, Inc. and its affiliates; and
5. This Resolution shall take effect immediately.

I hereby certify that the above resolution was adopted by a majority of the Commissioners present at a meeting duly called at which a quorum was present, on April 21, 2026.

## **I. STATEMENT OF PURPOSE**

It is the policy of the Elm City Communities (ECC) to assign vehicles to employees whose positions require the use of a vehicle daily and to reimburse employees, Commissioners/Directors and others for the expense of local travel, when a personal vehicle is used for ECC business only. The purpose of this policy is to define and describe the usage parameters related to the operations of ECC vehicles by employees. - **Telematics systems** that capture driving behavior data (e.g., harsh braking, rapid acceleration)

ECC reserves the right to utilize and review information collected through GPS tracking systems, vehicle cameras, and telematics technology installed in ECC-owned or ECC-leased vehicles. These systems are used for legitimate business and safety purposes, including, but not limited to, supporting safe vehicle operation, fleet management, verifying authorized vehicle use, monitoring vehicle location and usage patterns, and reviewing accidents, incidents, or reported concerns.

Information collected through these systems will be accessed only by authorized personnel and reviewed when there is a legitimate business need. Monitoring is not intended for continuous or routine surveillance of employees.

Employees are advised that their use of ECC vehicles may be subject to monitoring through these systems and that use of an ECC vehicle constitutes acknowledgment of this notice
